

Financing international RBOs: the French Development Agency perspective

Martin Parent
Senior Water Specialist

What is to be financed? (on a permanent basis...)

- **Operational recurrent costs of RBO
(Executive Structure and MS counterparts)
sustainable design**
- **Core functions
to be carefully streamlined**

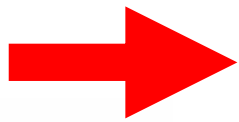

Financial autonomy, what for?

- Independence
- Long term action
- Efficiency

**Tangible results,
credibility,
ownership**

How to finance an international RBO?

2- ~~Supplier Development~~ **Supplier Development Assistance**

- Import taxes levy
- Margin on projects implementation
- Margin on transboundary compensatory transfers
- User-payer charges
- Polluter-payer charges
- ...

Which added value for donors?

- International RBOs set up phase
- Capacity building, benchmarking, experience sharing
- New approaches
- Facilitation, transparency, balance
- Legitimacy

• **Not funding!**
